Ventenata

Oxeye Daisy

Yellow Starthistle

Spotted Knapweed

Leafy Spurge

Become a volunteer **Weed Watcher**. Learn how to recognize and report invasive and noxious weeds before they get out of control.

What is the Weed Watcher Effort?

Box Elder County supports and shows volunteers how to identify and report harmful invasive noxious weeds.

Why become a Weed Watcher?

Weeds cause problems disrupting ecosystems and decreasing land value. Weeds grow prolifically and displace native plants. You will help control them by looking for and reporting these undesirable plants.

What does a Weed Watcher Do?

1. Learn the weeds

[Utah Noxious Weeds](#)

2. Look for weeds

3. Document Weeds

4. Report Weeds
